

I would like to email you to let you know how much my husband and I as well as my friends listen to the K-LOVE signal in the Twin Cities, MN area. We enjoy listening to the music on this station as well as the moral values it broadcasts.

It would be disappointing to me, my husband, and our mutual friends if K-LOVE were to be displaced by an LPFM broadcaster providing other programming.

The K-LOVE radio is heard on 90.7 FM and 90.3 FM in my area. As I've already mentioned, I appreciate the music K-LOVE broadcasts but even more important is the high moral values it projects by the DJ's and throughout the music. I am encouraged by it and uplifted throughout my day as I'm driving in the car or at home relaxing.

Please do not take away the positive and encouraging K-LOVE radio, my husband, friends and I would be do disappointed.
